

# Accounting Projects

The screenshot shows the 'Project Budget' table in Microsoft Dynamics CRM. The table has the following columns: Project ID, Description, Start Date, End Date, Budget, and Status. The 'Status' column is highlighted with a red box and labeled 'Status - Project Budget'. The 'Project ID' column is highlighted with a red box and labeled 'Project ID - Project Budget'. The table contains the following data:

Project ID	Description	Start Date	End Date	Budget	Status
00000000000000000000000000000000	Project 1	1/1/2010	12/31/2010	1000000	Active
00000000000000000000000000000000	Project 2	1/1/2010	12/31/2010	1000000	Active
00000000000000000000000000000000	Project 3	1/1/2010	12/31/2010	1000000	Active
00000000000000000000000000000000	Project 4	1/1/2010	12/31/2010	1000000	Active
00000000000000000000000000000000	Project 5	1/1/2010	12/31/2010	1000000	Active

## Accounting Projects

In this section you can assign **Accounting Projects** to flights added in a certain period of time. If you have already added fuel amount & cost in the section Refueling, it will be displayed on the screen.

By clicking on the icon **Add** Leon applies a **project-number** (i.e. 3/ABC, where 3 is the number of the project for particular aircraft and ABC are the aircraft registration last 3 digits). You can also add the number manually in the blank field next to the 'Add' icon.

Use the filter to view only legs with no project number or cancelled legs.
