Fleet documents defined in Leon

In this section you can view an **aircraft documents** along with the attached files (i.e. a pdf scan of a paper document).

The panel is divided into **2** sections:

- Required for dispatch** - here you can see any fleet document with marked checkbox **req** (required for dispatch), in a section Settings > Fleet Documents Setup (click on acft reg number to get a pop-up window where you can define this).

Use	Name	req.
<input checked="" type="checkbox"/>	Insurance	<input type="checkbox"/>
<input checked="" type="checkbox"/>	FMS	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Radio Certificate	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	RVSM	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Weight and Balance	<input checked="" type="checkbox"/>

select all | select none

Update

- Other** - all fleet documents not defined as 'required' for dispatch.

The list shows documents names, expiry date (in red when a document has expired) plus an icon of a paper-clip if there is a scan attached.

A dot in the top-right corner shows the **status** of documents expiration: if a single document is expired it is red.
