# **Duty Trading functionality**

'Duty trading' functionality is available in the Crew Calendar section of Leon.

The **purpose** of this functionality is to have the possibility to recompensate ON duty with an OFF duty, and vice-versa.

## **Duty Trading process**

The Duty Trading process is explained below.

### **Account Definition**

The first step is to **create** a Duty Account definition.

Go to Admin Panel > 'Duties Setup' section and click on the 'Duty account' option located at the bottom of the page.

In this section, click on the **NEW DEFINITION** button. A pop-up 'Create definition window' will open, where the account can be named and saved. It is also possible to define the account as 'Default' by marking the checkbox. All default accounts will be selectable in the duty edition window, field 'Compensate with'.

Compensate with		\$
Pilot Notes	Vacation	
T not notes	Training	

A saved account will appear on the list.

Name	Default	Action
Vacation	Yes	Ē
Office	No	Ē
Training	Yes	Ē

It is **possible to edit** the account name (by clicking on the name) and delete the account.

Assigning account to a user

#### Assign account to User

Once the account definitions are created, they can be **assigned to a User** in the User profile > tab 'Other'

Each user can be assigned to numerous accounts.

	0.1									ball.				1.00		-	-						8							
																										And and	1 1 1 1 1 1 1	10100	- 10	-
			1	۰,	4				1	۰,	ŀ.	ŀ.	۲.	2	4	1	ł.			1	*	-	-	E.	F.

Additional columns in Crew Calendar

#### How it works in Crew Calendar

The additional 'Account' columns will appear in the Crew Calendar.

The columns can be added/removed in the 3-dot filter, using the **Show Duty Accounts Columns** switch.

The **values in each column** display the total amount of compensated days. 'N/A' value means that the account is not assigned to a User. There can be negative values displayed in the columns.

Each 'Add duty' window has an additional **Compensate with** option available.

If the **duty is to be compensated with a day off**, in the 'Compensate with' dropdown, the planner can select the account to which an off day should be added.

In the below example, the new 'Office' duty is to be compensated with the 'RDO'. A value in the 'RDO' column increases by 1 (from 0 to 1):

Cockpit CPT	^	E 08	5.09	S 10	M 11	T 12	W 13	T 14	E 15	S 16	\$ 17		Apr:	Duty	0 - Office					F 21	S 30	08 Apr 2022 Days off	30 Apr 2022 Days on	VACATION	OFF	RDO

If the OFF type duty is added the **Withdraw from** drop-down option will be available. This option allows reducing a value from the selected account.

In the below example, the new 'Day Off' duty withdraws from the 'RDO' account (from 0 to -1):

It is also possible to **amend the value of the account** by clicking on the value in the Crew Calendar and amending it in the **Duty Account Balance** pop-up window:

Duty Account	Dalaile		
Balance	10		
Note	Increased due to overtime		/
		CANCEL	SAVE

Duty trading functionality is not included in the 'Draft mode'
