008 - Cabin Crew	1	50	50
009 - Cabin Crew	1	50	50
010 - Cabin Crew	1	50	50

Report 'Flight Pay' - an option of defining wages for crew

In this report you can define rates for crew (CPT, FO & FA) per each day. Open the filter and add appropriate wages. Once it's done Leon will show crew codes/names, number of days, rate of pay and total wages.

In the filter you can select period of time, particular crew member and crew position.
