

Crew Currency Summary

'Crew Currency Summary' report

'Crew Currency Summary' report, as the name indicates, displays the summary of currencies of all crew members.

In the report, the crew are grouped by the assigned user base.

The report contains the following columns:

- **Base Name** - 'User Base' assigned in the full user profile
- **Name** - name of the crew member
- **Currency columns** - number of columns displayed depend on the number of selected currencies in the 'Crew Currency' section

The **currency columns** contain the following information:

- aircraft type
- date of expiry and the status indicated by the colour:
 - **valid**
 - **within 30 days from the expiry**
 - **expired**
 - 'N/A' appears if the currency doesn't apply to the crew member

It is possible to **filter** by the crew member

It is possible to **export the report to excel file**.
