Crew Currency

Report 'Crew Currency' - crew currency overview

This report gives an overview of **crew currencies** and helps to manage validity of any currency for each pilot.

It provides information such as:

- **Last/first name**
- **Aircraft type** - for which the currency applies.
- **Dates of take offs / landings** - split into 3 separate columns, where dates are displayed.
- **Expires** - the expiry date including colour codes.

The colours suggest number of days before the currency expires:

- Red - Currency expired
- Orange - 30 days or less left to on vailidity
- Green - Currency is valid

It is possible to filter by:

- **Aircraft Type**
- **Person**
- **Crew Currency**
