

FTL Sheet

FTL Sheet report - all flights & other duties along with FTL calculations

This report generates information about **all duties**: flights, repositionings, office or standby duties, as well as days off assigned in the section Crew > Duties.

The report is divided into **2** parts:

- **duty information**: date, type, FTL day off, start/end, split times (if used), rest facility type, rest lenght, day off, early/late/night duty, flying hours, sectors, duty & fdp times, take off & landing number.
- **cumulative information**: FDP extensions, duty time, block hours, days off, rest - all displayed in separate columns. Any fdp/duty/restFDP violation violation is highlighted in red.

Values such as 'Rest before duty - Min' or 'FDP - Max' are explained when you hover the mouse over the value (see below).

FDP			Take off [no]	Landings [no]	ICAO type	7 d
Actual	Max?	CD?				60 h MAX
						00:00
01:50	13:00	-			S	02:20
						02:20
00:00	-					
03:30	11:00					

Maximum basic FDP for acclimated multi pilot operation starting at 12:00, consisting of 1 sector is 13:00.

The same can be done to check cumulative 'Duty time' or 'Block time'. Here Leon shows sometimes 2 different values, depending on whether the calculation is made per 7 calendar days or 168 hours.

Duty time?				
7 d	14 d	28 d	12 m	28 d
60 h MAX	110 h MAX	190 h MAX	2000 h MAX	100 h MAX
11:37	11:37	40:14	205:01	05:07
25:37	35:37	46:14	248:01	05:07
32:22				
32:22				
32:22				
30:02				
30:02				

05:07 calculated for 00:00z
2016-Dec-26 (00:00z) to 2017-Jan-02 (00:00z)
11:37 calculated for 13:00z
2016-Dec-26 (13:00z) to 2017-Jan-02 (13:00z)
11:37 calculated for 23:59z
2016-Dec-26 (23:59z) to 2017-Jan-02 (23:59z)

Hover the mouse over **Duty time** column value to find out what part of the duty time has been included into Cumulative Duty calculation (i.e. some Standby duty types have 50% or 25% of STB duty lenght included).

Duty time ?	FDP			Take off [no]	Landings [no]	ICAO type
	Actual	Max ?	CD ?			
09:00	08:30	12:30	-			N
Amount of duty time included in cummulative duty is 09:00.						

If in the column Rest you see an infinity icon '∞' it means that a crew member has no flights or duties assigned

Commander's Discretion

If Commander's Discretion has been marked in the Journey Log, Leon shows time of the extension used in FTL Reports in a column **CD** as well as + mark next to the actual FDP.

FDP		
Actual	Max ?	CD ?
14:20+	13:30	00:50

Commander's Discretion FDP extension no longer shows as FTL Violation in both FTL Sheet & FTL Violation. If you wish to have it displayed as FTL Violation in both reports, please contact support@leonsoftware.com
