

FTL Sheet

FTL Sheet report - all flights & other duties along with FTL calculations

This report generates information about **all duties**: flights, repositionings, office or standby duties, as well as days off assigned in the section Crew > Duties.

The report is divided into **2** parts:

- **duty information**: date, type, FTL day off, start/end, split times (if used), rest facility type, rest lenght, day off, early/late/night duty, flying hours, sectors, duty & fdp times, take off & landing number.
- **cumulative information**: FDP extensions, duty time, block hours, days off, rest - all displayed in separate columns. Any fdp/duty/restFDP violation violation is highlighted in red.

Values such as 'Rest before duty - Min' or 'FDP - Max' are explained when you hover the mouse over the value (see below).

FDP			Take off [no]	Landings [no]	ICAO type	7 d
Actual	Max?	CD?				60 h MAX
						00:00
01:50	13:00	-			S	02:20
						02:20
00:00	-					
03:30	11:00					

Maximum basic FDP for acclimated multi pilot operation starting at 12:00, consisting of 1 sector is 13:00.

The same can be done to check cumulative 'Duty time' or 'Block time'. Here Leon shows sometimes 2 different values, depending on whether the calculation is made per 7 calendar days or 168 hours.

Duty time?				
7 d	14 d	28 d	12 m	28 d
60 h MAX	110 h MAX	190 h MAX	2000 h MAX	100 h MAX
11:37	11:37	40:14	205:01	05:07
25:37	35:37	46:14	248:01	05:07
32:22				
32:22				
32:22				
30:02				
30:02				

05:07 calculated for 00:00z
2016-Dec-26 (00:00z) to 2017-Jan-02 (00:00z)
11:37 calculated for 13:00z
2016-Dec-26 (13:00z) to 2017-Jan-02 (13:00z)
11:37 calculated for 23:59z
2016-Dec-26 (23:59z) to 2017-Jan-02 (23:59z)

Hover the mouse over **Duty time** column value to find out what part of the duty time has been included into Cumulative Duty calculation (i.e. some Standby duty types have 50% or 25% of STB duty lenght included).

[illegible]

Leon can also show cumulative duty or block time values **warnings in yellow** as a certain number of hours before the limit (see screenshot on the right). It can be 3, 5 or 10 hours - it is up to you. If you want this option to be enabled, please email Leon Support team: support@leonsoftware.com and we will set it up for you.

If in the column Rest you see an infinity icon '∞' it means that a crew member has no flights or duties assigned

If maximum allowed FDP is exceeded, in some situations there is a possibility of using Commanders Discretion. To indicate it in Leon you simply mark 'Discretion' checkbox in JL.

Date	Daily Type	Daily Start	Daily End	Daily Time ⁽¹⁾	FDP		
					Actual	Max ⁽²⁾	CO ⁽³⁾
10-01-2018	ME-BCH (positioning)	12:00	15:15	03:15	00:00	-	-
17-01-2018	BCH-BLL (flight)	09:00	09:25 (10 Jan)	14:25	13:55	14:00	00:00

Date	Duty Type	Duty Start	Duty End	Duty Time ¹	IFOP		
					Actual	Max ²	CO ³
16-01-2016	VRI-RCM (bookkeeping)	12:30	16:15	03:45	00.00	-	-
17-01-2016	RCM-RLA (Right)	00:00	00:45 (1st Jan)	14:45	14.45	14.00	01.00

We have implemented following changes to Commanders Discretion:

- Printed on 2024/05/03 07:22

allowed Discretion (1 hour) rather than the actual Discretion

It is possible to apply the previous version of 'Commanders Discretion' functionality where it was considered as a violation. For more information please contact Leon Support at support@leonsoftware.com.
