# 'Sales Module' in 'General settings'

**Sales Module** tab is available in Admin Panel > General Settings section.

This section is directly connected to the quotation process performed in the 'Requests/Quotes'.

There are the following subsections available in the 'Sales Module' section:

- Default notes
- Default invoice data
- Exclusion zones
- Quote Request Statuses
- Country VAT
- Quote Settings
- Optional Trip Settings
- Invoices & Credit notes
- Subcharter settings
- Phonebook settings
- Customer portal

'Default notes'

Default notes subsection allows inserting:

- Default Legal Note
- Default Cancellation Policy

Once the notes are added in this subsection, they will appear in the quote edit > Notes tab in the 'LEGAL NOTE' and the 'CANCELLATION POLICY' fields respectively.

Additionally, the notes can be included in the sales documents, if applied in the Documents Manager for specific document.

'Default invoices settings'

#### Default invoice data contains two sets of settings:

- **Default invoice recipement email** this can be used when, rather than sending an invoice email to the Client, the email is sent to the internal department (e.g. Accountancy) for checks, and then the internal department sends it to the Client. If the default email is set in this section, it will automatically populate as a **TO** email when selecting the **INVOICE** option on the quote editing page.
- **Default address** default address comprises 5 address lines that can be used on the invoice as the Invoice address. By default, Leon takes the address from the 'Manage account' settings, however, if the address for invoices is different, then it can be inserted here and used on the document/email

## **Exclusion zones**

'Exclusion zones'

**Exclusion zones** are countries over which the aircraft should not be flying.

Once the exclusion zones are selected, the flight time calculations that apply to Aviapages and ReouteFinder in Request/Quotes panel > Edit quote ('Calculate Flight Time' option) will take these zones into consideration and omit the selected countries.

Exclusion zones indicated in this section will apply per operator.

There are 2 additional options available in the 'Fleet' section (per aircraft) and the Client profile (per Client).

## **Currency list**

'Update quote based on trip change' contains the following recalculation options:

- Update schedule but keep the price schedule updated without recalculating the price
- Update schedule and recalculate the price schedule updated and the price recalculated based on the new schedule
- User takes a decision User will manually decide which option to select in Sales upon the

update in OPS

• Ignore - updates in OPS are ignored

Below, there are two examples of the applied settings:

• Update schedule and recalculate the price - schedule updates automatically and the price is recalculated based on the updates itinerary, as soon as the changes are saved in the OPS section:

### Create non-confirmed trip when contact is sent

The 'Create non-confirmed trip when contact is sent' checkbox allows activating the 'Create non-confirmed trip in OPS module' checkbox in the 'Send document: Charter Agreement' pop-up window ('CONTRACT' status button in the RFQ).

C Optional trip settings	
Create non confirmed trip when contract is sent	

Selecting the '**Create non-confirmed trip in OPS module**' and sending the contract to the Client will create a non-confirmed trip (Option) in the OPS section without having to initially go through the 'OPTION' status button. This checkbox is the equivalent of the 'OPTION' status button in the RFQ.

Indication of a due date when creating a non-confirmed trip

## Default due time for optional trips [hhh:mm]

The **Default due time for optional trips [hhh:mm]** allows setting the due time and date for when the non-confirmed trip should be automatically cancelled if the response is not received from the buyer.

The format of the default due date is set to **hhh:mm**. This allows calculating the correct due time and date based on the time when the non-confirmed trip is being created.

#### **EXAMPLE**

The due time is set to 48:10, as per the below screenshot:

Optional trip settings —	
Default due time for optional trips [hhh:mm]	48:10

When creating the non-confirmed trip (either via the 'OPTION' or the 'CONTRACT' status) on the 28th of June at 08:12LT, the due date will automatically be set to the 30th of June at 08:22LT (as per the screenshot on the right).

## **Invoices & Credit notes**

This subsection consists of 3 settings:

- Due date for invoices
- Include taxes in trip price for invoices
- Default recharge invoice item tax rate

Invoices & Credit notes	
Set invoices due date 10 days after issue date 🗸	
Include taxes in trip price on invoices	
Default recharge invoice item tax rate 5	

## Due date for invoices

In this section, you can set up a **default 'Due date'** for the Quote Invoice.

The setting consists of **2 fields**:

- 1. Input with the number of days
- 2. Dropdown with the following options:
  - $\circ\,$  after issue date number of days after the invoice issue date
  - $\,\circ\,$  after invoice date number of days after the invoice date
  - $\,\circ\,$  before flight number of days before the first flight within the request

As you can see in the example below, the Invoice due date was set to 7 days after the invoice date:

EMAIL	INVOICE	+

#### Include taxes in trip price for invoices

**Include taxes in trip price for invoices** setting allows deciding whether the tax should be displayed as a separate item on the Invoice section of the request.

It works as follow:

• Ticked - tax is included in the total price in the Invoice section

Items	Net	VAT	Gross	+
Fee for London - New York on 12-02-2022	112137.00 EU	JR N/A %	112137.00 EUR

UK Air Passenger Duty Tax	1300.71 EUR	N/A %	1300.71 EUR	
RESET ITEMS			Total 112137.00 EUR	

## Default recharge invoice item tax rate

**Default recharge invoice item tax rate** allows setting up a default VAT rate for the items listed on the Recharge Invoice.

The rate will automatically apply and can be presented both in an email and the Invoice document.

Items	Net			VAT		Gross			+
