

# SALES MOBILE APP

## Introduction

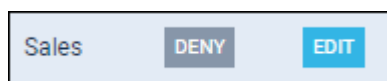

Sales app logging in page

Leon **SALES MOBILE APP** has been created for smooth & fast managing of your BizAv sales.

The app can be downloaded for **free** and is available for **iOS** and **Android** device users. In the App store type in 'Leon Sales' in the search box and install the application.

In order to use Sales app, user must be given an access in Leon 'Privileges' panel as per below screenshot.

Logging in credentials are **the same** as for the web-version of Leon.

Clicking on the lower part of the tile transfers to a page where there are more details displayed, such as: name & surname of the client's representative (if selected when adding a quote) and assignee's details.

Right below Leon shows **quote's details**, such as:

- Aircraft reg number

B-ARTI

- Quote's price

45 545 USD

- Date & Route

11 Dec VKO LTN

- PAX number

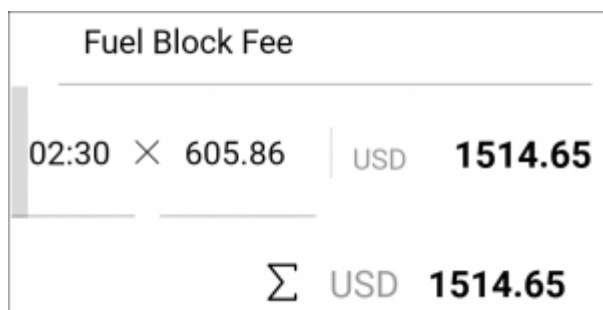

1

Clicking on quote's date or its route transfers to the page, where an aircraft can be changed as well as quote's schedule details, such as: **ADEP & ADES, Date, Departure & Arrival times, Block & Flight time** and **PAX number**.

## QUOTE'S PRICE

Clicing on the **quote's price** opens a page with the **aircraft & airport fees** (previously defined in Leon's section Sales > Fees).

Each fee can be edited and changed (which will update the total quote's price).

It is also possible to delete a particular leg/legs of the quote's route by clicking the icon however, deleting the quote is not possible.

Leon also allows to change quote's **status** - click the button and a new window will show, where it's possible to mark an appropriate status of the quote.

## MESSAGES

Click a button and Leon will show a dedicated window for exchanging messages with the client.

Here Leon shows **2** options:
