

Welcome to Leon Software online help center

Select one [leon](#) of the areas you want to go:

- **Leon manual**

If you are a new Leon user, please select this option. You can find detailed explanation of every function in Leon with many screenshots describing the application usage along with links to many video tutorials.

- **iPhone/iPad manual**

Our separate iPhone/iPad application manual is here

- **Recent updates explained**

When we release a new version of Leon, main 'manual' is updated but also detailed explanation of particular affected areas are covered here, if necessary. Links to this section are attached to release notes which we send out before each release. Please sign up to our newsletter on www.leonsoftware.com if you want to receive release notes.
