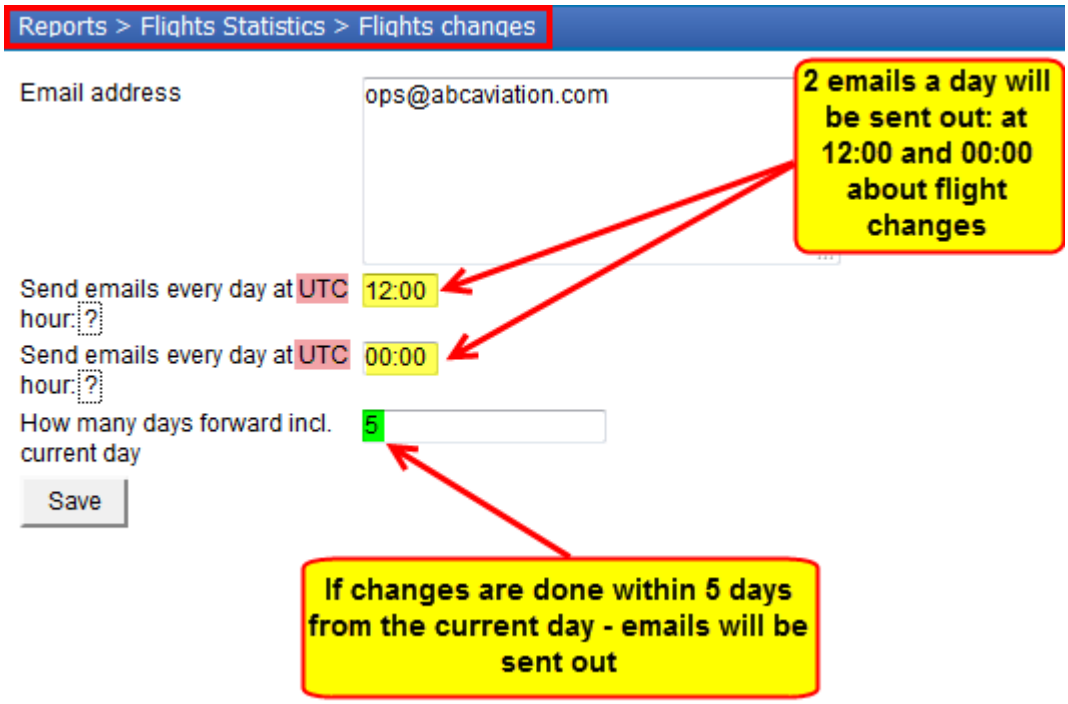
This report can be useful if you want to receive emails (twice a day) at certain time about all flight changes done each day.

Go to the report `Flights Changes` (**Reports > Flights Statistics**) and insert details (se



Below is an example of the email that Leon sends to the recipient with the **attached Excel file** with all flights where changes were done.

If you open it, there are different colours meaning different kind of changes:

- **green** - a new flight/flights added.
- **white** - no changes done on flights.
