

Every time you add the '**Airport brief**' in the section OPS > Airport Directory (simply **tick the checkbox** in the airport edition screen like in the screenshot below)

OPS > Airport Directory									
Edit	ICAO/Code	IATA/OPR	City	Airport name	Country	Info.	Required for dispatch	Category	Airport category note
	EHAM	AMS	Amsterdam	SCHIPHOL	NL	SC	<input checked="" type="checkbox"/> Airport brief <input type="checkbox"/> Training	<b>A</b> B C P U ▾	

in the main '**Flights List**' screen Leon surrounds the airport with just added airport brief with the red hash and crew codes are on the pink background.

Flights > Flights List													
<input type="checkbox"/>	FW	Flight No.	D?	Date	STD	ADEP	ADES	STA	ALTN	ACFT?	Crew	Documents	PAX
											CPT		
<input type="checkbox"/>		MAN	2	18-02	12:00	LTN	AMS	13:00		D-LEON	TAN*	5-02-2014 ▾	0 PAX
Checked: <span>-- choose action -- ▾</span>													
Records 1 - 1 from 1													

Right now, if there is an airport brief added to either ADEP or ADES, once the flight is added to Leon, an extra information will appear on the '**Trip Sheet**' document, in the column **AIRPORT NOTES**.

AIRPORT	NOTES
AMS	Flight Brief Required
Flight Service Notices	
PAX CATERING / PAX TRANSPORT / SPECIAL REQUESTS	
CREW HOTAC, TRANSPORT AND ADDITIONAL INFO
