

# My aircraft schedule

A functionality: **My aircraft schedule** allows to include flights of the aircraft to which a crew member has been added as 'Preferred crew', despite the fact that he/she is not assigned to those flights.

In a panel **FLEET**, tab **CREW**, it is possible to add 'Preferred crew' to the aircraft.

A screenshot below shows an example of a crew Bartoli Aaron (BAR) added as 'Preferred crew' to the aircraft 'B-ARTI'.

BASIC	OPS	SALES	CREW	PERFORMANCE	
Cockpit*	<input type="text" value="2"/>				
Cabin*	<input type="text" value="1"/>				
Rest Facility	<input type="text" value="Suitable"/>				
Preferred crew	<div><input type="text" value="---"/> <span>BAR Bartoli Aaron</span> <span>CRO Damian Cross</span> <span>ADM Adam Smith</span> <span>SMA Jack Smack</span></div>				

Crew BAR has been assigned to 2 flights on the aircraft 'A-BCDE' (to which he is not added as 'Preferred crew'), and there are 4 flights on the aircraft 'B-ARTI' (to which he is added as 'Preferred crew') where he is not assigned as a pilot.
