

CREW CALENDAR

We have implemented a **new way of grouping crew** in the Crew Calendar panel. Right now - apart from grouping by a position type - it is also possible to group crew by the Aircraft.

In a section **Fleet** edit an aircraft profile, go to a tab **Crew** and in a field **Preferred crew** choose crew members who have ratings on this particular type and can be assign to it.

Cockpit*	<input type="text" value="2"/>
Cabin*	<input type="text" value="1"/>
Rest Facility	<input type="text" value="None"/>
Preferred crew	<input type="text" value="---"/> FRA Frank Hill BGA Beth Gabbons BAR Aaron Bartoli JJO Jacob Johnson AGA Adam Garcia

The selected crew members will show in 'Crew Calendar' panel, if in 3-dot filter (top-right corner of the page) the grouping is switched to '**by Aircraft**'.
