

We have implemented a few changes to the crew currency panel in Leon.

### 1. Admin settings

To turn crew currency feature on go to Admin > Operator Settings > General and in section **Crew Duties Dot Options** mark appropriate checkboxes. In a field 'In crew currency threshold' you can input a number of days after which Leon will alert if a pilot has not performed a single flight.

**Crew Duties Dot Options**

☒ 90 days currency (cockpit)  
☐ 60 days currency (cockpit)  
☐ 90 days currency (single pilot)  
☒ 180 days currency (cabin)  
☒ Endorsements required for dispatch  
☐ ILS cat II currency  
☐ 90 days currency (night)  
☒ 30 days currency (cockpit)

### 1. Filter settings

In section Crew Duties, in the filter, mark a checkbox **Show dot** - Leon will show the number of days left to expire a particular currency if you hove the mouse over the status-dot next to the crew name.

**Function type**
