

Date	All day	From	To	Notes	
04-05-2016	<input checked="" type="checkbox"/>	00:00	23:59		✖

☐ Notify about this change
☐ Remove from planned activities

Add

'Remove from planned activities' checkbox

Remove from planned activities checkbox is useful when you add a new duty that is defined as **Exclude from planning**. Usually these are the duties with type **OFF**. Clicking this checkbox (marked in the screenshot) allows you to overwrite existing duty with a new one.

For example if a pilot has a flight on this day but is unable to perform it, adding the **Exclude from planning** type of duty, and ticking **Remove from planned activities** checkbox, will remove this pilot from the flight.
