

ENDORSEMENTS PER A TAIL

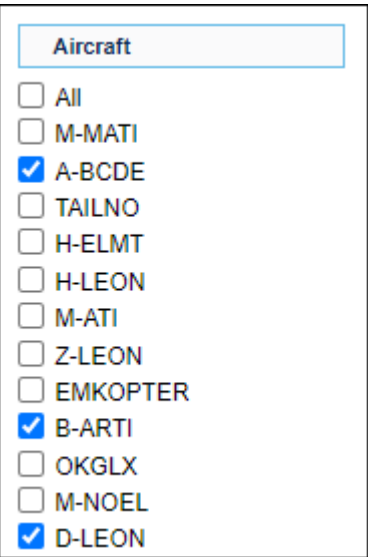

It is possible to set up crew endorsements **per a tail**.

When defining a new endorsement (section Settings > Crew Endorsements), click 'Aircraft selection type' to choose between: per a type or per a tail.

Setting up crew endorsements per a tail

By selecting 'per a tail' Leon will show all active tails.

Once a new endorsement's details are added, mark appropriate tail/tails and save changes. On the main list of crew endorsements Leon will show marked tails.

Endorsement	Cockpit	Cabin	GROUND	Maintenance	Aircraft type	Aircraft
OPC	<input checked="" type="checkbox"/>				all	B-ARTI, A-BCDE, D-LEON

Leon will show endorsements defined per a tail only for flights assigned on tails to which such endorsements have been linked.

Example below shows a flight with the aircraft H-ELMT, which was not assigned to the endorsement OPC - Leon does not show it on the list of the required endorsements.
