Adding SIM duty in Crew Panel

To add a new **Simulator** duty from the Crew Panel - once it is already performed - select date range, crew member, right-click the mouse and select 'ADD SIMULATOR' option.

ADD DUTY	
QUICK ADD DUTY	>

Once a pop-up window shows (see screenshot on the right), fill it in with details such as: Aircraft type, Date, ADEP, ADES, BLOFF, T/O, LDG, BLON, Landings, Crew (CPT and FO), Pilot flying, Approach and Notes. All these details (apart from Notes) must be filled in in order to add SIM duty.

Added SIM duty will appear with the black line of minimum rest required after the duty. It will also appear in OPS panel with already filled in Journey Log.

SIMULATOR	01:00
SIMOLATOR	EPKK

Added SIM duty can always be edited and its details can be changed. It is also possible to delete a particular crew from SIM and/or delete the SIM duty completely.
