CREW PROFILE NEW ITEMS

2 new items have been added to the crew profile, in a tab **RATINGS**:

- **Licence type** - selection between 'ATPL' & 'CPL'.
- **English level** - selection between level 4,5 or 6.

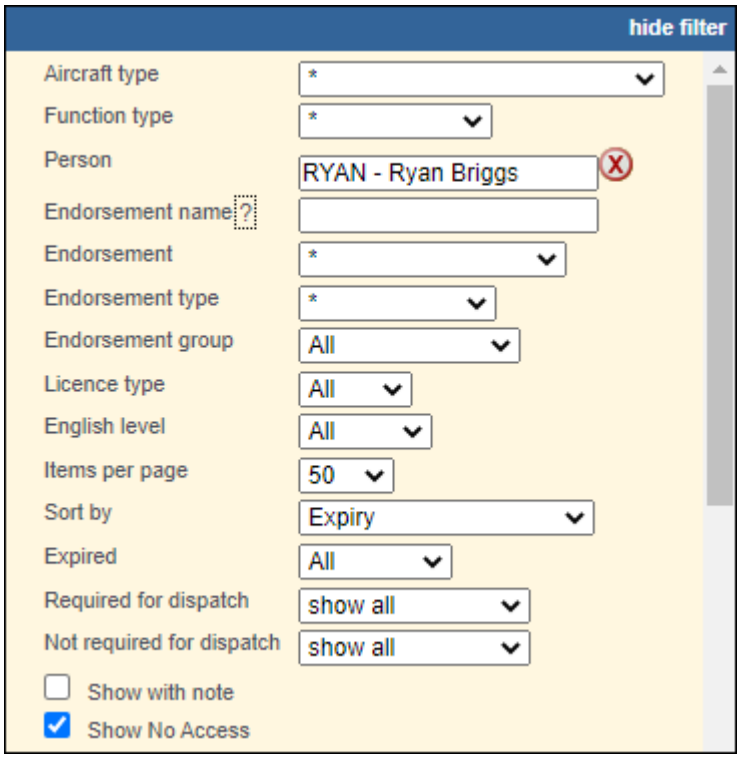

The same items will also show in an **endorsement's edition** window.

If Licence type & English level of the crew member is **different** to the one defined in the endorsement's definition, then Leon **will not** show that endorsement (if it's expired) in OPS panel, while hovering the mouse over the crew code - Leon will only show it if both items match between crew profile & endorsement's definition.

On the main **CREW > ENDORSEMENTS** page it will be possible to filter endorsements by Licence type & English level.
