

# Expired endorsements

We have made changes to the **expired crew endorsements** displaying in a section Schedule. The first change is dividing a panel 'ENDORSEMENTS' in a tab CREW into **2** separate sections:

1. **Required for dispatch** - showing all endorsements with a marked checkbox 'Warn if expired when adding a flight' in a section Settings > Crew Endorsements. The dot-colour shows the state of the validity of these endorsements.
2. **Other** - all endorsements without a checkbox 'Warn if expired when adding a flight' marked - their expiration does not affect the colour of the dot.

Leon will highlight a crew code in red in Schedule if there are any expired endorsements 'Required for dispatch' (only) - hover the mouse over a crew code to see details.

**Bartoli Aaron** (DISPATCHER, MANAGEMENT)  
> Currency or Endorsements: **Expired**  
**Warnings:**  
BAR Bartoli Aaron has expired endorsements:  
**Safety** (expired 31-07-2018)
