

'Add hotel' option in 'FTL Calculations'

This functionality applies to the Clients that have below regulation included in OM-7 regarding Rest at Home Base:

Minimum rest period away from home base during a rotation which includes a rest period at a crew member's home base may be applied only if the crew member does not rest at his/her residence, or temporary accommodation, because the Airline provides suitable accommodation. This type of roster is known as "back-to-back operation".

Add hotel option

It is now possible to mark if the Hotel was used during the crew rest at Home Base. This will then equal rest period at Home Base to the one outside Home Base.

Applying it is quite easy:

1. In CREW > FTL Calculations section click on **EDIT**
2. Click on  after the last sector of the FDP
3. Choose 'Add hotel' option from the dropdown menu.

'Add hotel' will recalculate the rest at Home Base and equal the minimum required to the value of min rest required outside Home Base, subject to preceding duty being shorter than min rest at Home Base.

After it is applied, the Rest figure in 'Duty & FDP Sectors' will be highlighted yellow and 'Hotel provided' information will display upon hovering the mouse.

Below are **2 examples** of calculations including 'Add hotel' function:

Example 1.

- **Minimum rest at Home Base** is 12h or as long as the previous duty.
- **Crew Duty** ending at Home Base equals to 14h30min.

- Considering above, the required length of the rest after this duty is 14h30min.
- Adding hotel **will not reduce** minimum rest required at Home Base because it is longer than 12h.

FTL CALCULATIONS				
09:00	✕	10:00 EGGW	EPWA 12:35	12:50
Break 12:50 - 17:15				
17:15	✕	17:30 EPWA	EGGW 20:00	20:30
Rest 11h 55m				
FTL Calculation Summary		View FTL Sheet		
	Limit	Actual		
Rest before duty	min 12h	44h 20m		
Flight Duty Period	max 15h 12m	6h 35m		
Duty	-	11h 30m		
Rest after duty	min 11h 30m	11h 55m		
Next EOBT		January 11th, 09:00		

'Add Hotel' reducing minimum required rest

Example 2.

- **Minimum rest at Home Base** is 12h or as long as the previous duty.
- **Minimum rest outside Home Base** is 10h or as long as the previous duty.
- **Crew Duty** ending at Home Base equals to 11h30min and **rest after** this duty equals to 11h55min
- Considering above, the required length of the rest after this duty is shorter than minimum rest required at Home Base (12h) and causes Rest violation.
- Adding hotel **will reduce** minimum rest required at Home Base to 10h (to equal min outside Home Base) but then it will extend it to 11h30min based on the length of the previous duty.
