

HANDLING

We have added a functionality of defining a **preferred handling agent** per an aircraft (for selected airports).

In an aircraft profile, tab 'Sales', click the field 'Preferred handling' and type an airport's code, then select a handling agent. It is not possible to select more than one preferred handling agent. Once it's done, save changes.

Preferred handling

WAW - BALTIC GROUND SERVICES PL LTD

GVA - SIGNATURE FLIGHT SUPPORT

LTN - SIGNATURE FLIGHT SUPPORT TERMINAL 1

AMS - JET AVIATION

VKO - GOLDEN WINGS

VRB - PARIS AIR INC

Selected handling agent will then show automatically when adding a flight in a section OPS, or when booking a quote in 'Requests/Quotes' panel.

Defined a preferred handling agent in an aircraft profile has **priority** over a favourite handling agent selected in the 'Airport Directory' panel, but **not** to the preferred handling agent assigned to the client (in client's profile window).
