

We will soon make **important changes** in creating quotes in the section Planned Flights.

The purpose of making these changes is to avoid the mess which is caused by different flights added to the trip and different flights added to the quotation. In other words, a **trip number will always match a quote number**.

! All changes mentioned below will apply for new quotations only, unless flights of the trip match flights added in the quotation (see screenshots below).

CHANGE 1

A field **Quote no** will disappear from 'Trip Info' page and will replace a field **'Offer No.'** in the tab 'Quotation'

Quote no

Get Quote No

Offer No.:
