Planned flights main screen

We have updated squares colours in Planned Flights view as well as in Calendar view in Schedule section of Leon.

The most notable change is the colour of **Maintenance**:

- **Brown** - maintenance
- **Striped brown** - maintenance option
- **Red** - AOG maintenance

In the future releases fo Leon, striped background will be implemented to all kinds of **Options** including Flight Option, Reservation Option.

With regards to other rectangles, the colour codes are as per below:

- **Green** - flight is confirmed
- **Yellow** - flight is not confirmed (option)
- **Gray** - flight is completed (Journey Log has been entered)
- **Blue** - training flight
- **Purple** - any type of aircraft reservation
