

In Leon it is possible to add **Hold Item List** to the aircraft, in section Maintenance > Hold Item List (more details about HIL section can be found [here](#) ).

Invalid Link

An aircraft with added Hold Item List in section 'Planned Flights'

If you have added an open HIL to one of your aircraft within a certain period of time, in section PLanned Flights su ch aircraft appears in orange (see screenshot on the right).

If you try to add a new flight from PLanned Flights section, Leon will issue a warning:

**Aircraft A-BCDE has a hold item list open in section “Maintenance > Hold Item List”**

The same applies if you add a new flight from New Flight section.
