

Instrument time in Logbook exports

We have added an option to export **instrument time** to LogTenPro and mccPilotlog Logbooks.

For the instrument time to work the following (additional) fields of the Journey Log have to be filled in:

- Landings
- Instrument time
- Approach

The above fields can be added to Journey Log as a default in Settings > Flight Editing section of Leon.

Once these are filled in, the instrument time will display under 'ifr' in the export file.

flightDate	flightNumber	from	actualDepartureTime	selectedCrewSIC_ID	totalTime	duration	ifr	night	multiPilot
2018/01/07	YY1016	EPWA	2018/01/07 07:55	DEL	00:38	00:38	00:32	00:00	00:38
2018/01/07	YY1016	EPKK	2018/01/07 09:30	DEL	00:40	00:40	00:32	00:00	00:40
