

# 'Characteristics' tab

The screenshot shows a web form titled 'Edit contact' with a tabbed interface. The 'CHARACTERISTIC' tab is selected. The form is organized into three columns: 'Favorite dishes', 'Dislike notes', and 'Other notes'. The 'Favorite dishes' column contains two text input fields with the values 'Dish - medium rare' and 'Wine - French water - cell'. The 'Dislike notes' column contains one text input field with the value 'Allergic to nuts and seafood/shrimp'. The 'Other notes' column contains one text input field with the value 'Pia travels always without dog'. At the bottom right of the form, there are two buttons: 'CANCEL' and 'SAVE'.

'Characteristics' tab

New section '**Characteristics**' will be added to the PAX profile (type 'Person' only).

Section '**Characteristics**' contains important information about the PAX preferences such as likes, dislikes, favorite dishes, and drinks as well as other notes.

Access to this section can be allowed in 'Privileges' by selecting DENY/VIEW/EDIT on the 'New phonebook - Characteristics' place.

Any information populated in this section can be populated on the PAX and Crew Tripsheet.

If the PAX characteristics were inserted in the old 'Phonebook', they will be merged into the 'Characteristics section' in the 'New Phonebook'.
