

New TIMELINE changes

We have implemented some changes in the new TIMELINE section.

- **New background colour** - it is now white so that flights with added journey logs are clearly visible.

CEQ	CEQ 1222	100	1709 VKO	VKO

- **Sub-operator code + operator colour** - a sub-operator code along with a colour defined in Settings > Operators Colours appear righth under the aircraft registration (an option for flight support companies).

- **Deleted flights** - they appear now with criss-cross background.
