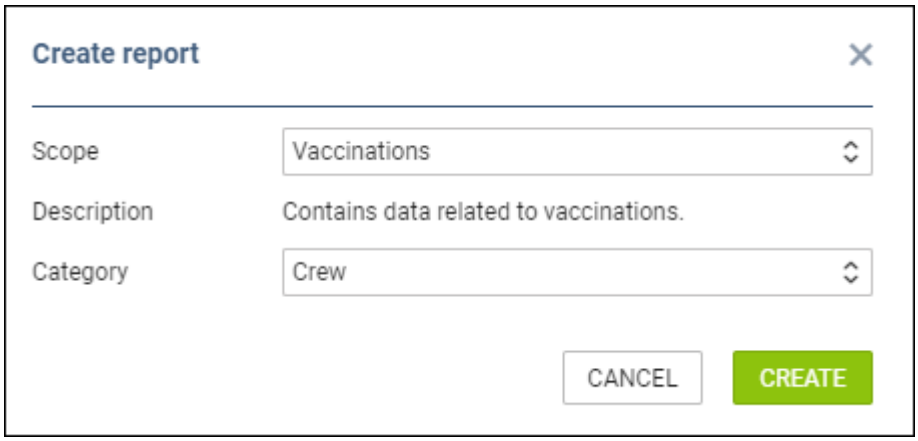
Vaccinations scope

The scope allows to generate a report which contains the vaccination data of your crew members. It collects data from the users' profiles.

To create the report click ADD REPORT icon at the bottom and select 'Vaccinations' scope.

Report Wizard - 'Vaccinations' scope



The data set contains the following columns:

- Name
- Surname
- Disease name
- Disease note
- Date of 1st dose
- Date of 2nd dose
- Date of 3rd dose

Once the report is createded & named, when saved, it will show in the upper part of the report Wizard's page.
