

QUOTE'S MARGIN

Leon can show a warning if inserted in the quote's edition **margin** is lower than the predefined **minimal** one.

To enable this functionality, insert the **minimal price margin** in a section General Settings > Sales Module.

(screen)

If in the quote's edition page the margin is lower than the minimal one (displayed at the bottom of the pricing list)

| | | |
|--------------------------|-----|---------------------------------------|
| Cost | EUR | 8953.50 |
| Margin | | <input type="text" value="10"/> % |
| Price without commission | EUR | 9948.33 |
| Third party commission | | <input type="text" value="1250"/> |
| Total price | | <input type="text" value="11198,33"/> |

Leon will show a warning in the feasibility check information window.
