NEW COLUMNS

We have added **2** new columns to the main list of quotes: **Booking ratio** & **Broker revenue**.

Both columns will show if they have been marked in a 3-dot filter > columns (top-right corner of the screen).

'Booking ratio' column shows the percentage of **booked** quotes from the last **90** days. Right next to the percentage value Leon shows in brackets the number of booked quotes and after the slash the number of all quotes **per a requester**.

'Broker revenue' column shows the **sum** of prices from the booked quotes - from the last 90 days.

Booking ratio	Broker revenue
7% (3/45)	456 EUR
7% (3/45)	456 EUR
10% (1/11)	17872 EUR
