'Documents' tab in the Subcharter

In order to add the new documents, the following steps are required for each document:

- 1. Click on the UPLOAD FILES button and select the file to be uploaded
- 2. The fields to insert the document details will appear:
 - **Name** the name of the document will be automatically populated from the uploaded file. It can be changed/overwritten. This is the only **mandatory** field
 - **Issue date** possibility to insert the date of issue
 - **Expiry date** possibility to insert the date of expiry. If the document has expired, the field will be highlighted
- 3. Click o **SAVE** button at the bottom of the page to save uploaded details

Once the documents are uploaded, **additional actions** can be performed:

- PREVIEW this action button allows to preview the uploaded document
- CHANGE this action button allows changing the previously uploaded document with the new one
- ______ this action button allows removing the Aircraft document details as well as the file

Once the documents have been uploaded to the subcharter aircraft, they will be automatically available on any further subcharter flights performed on the same aircraft Last update: 2022/07/29 updates:requests-quotes-possibility-to-add-aircraft-documents-to-subcharters https://wiki.leonsoftware.com/updates/requests-quotes-possibility-to-add-aircraft-documents-to-subcharters 17:09
