

'Opportunity' type Reservation

Reservation type 'Opportunity'

It is now possible to create the '**Opportunity**' type of Reservation.

This type of reservation can be used by sales teams to plan potential sales of the aircraft on a particular routing.

This type of reservation **will replace the 'Opportunity' trip type**.

Once the 'Opportunity' type Reservation is selected, the option to insert ADES appears in the reservation editing section. This **allows inserting the routing for a timeframe longer than 24h**.

This type of reservation will be **sent to Avinode** as a potential availability of this aircraft on this selected routing.

Once the reservation is added to Leon it will display as per below:

	05 Jul Mon	06 Jul Tue	07 Jul Wed	08 Jul Thu	09 Jul Fri	10 Jul Sat	11 Jul Sun	12 Jul Mon
