

# SCHED panel re-arrangement

We have re-arranged panel **SCHED**. Implemented changes should make this section more user-friendly and working with it smoother.

## Repeating schedule

We have moved selecting days of the week for repeating flights above the actual flight schedule. It is also now possible to select multiple days for one schedule.

Schedule

Day Shift	Flight No	STD	ADEP	ADES	STA	ALTN	Ferry	Actions

## Day Shift

A new column **Day Shift** has been added for shifting the schedule for the selected **number of days forward**. I.e. if you select +1 and the order is supposed to start from Wednesday, then the order will start from Thursday.

## Actions

Use options available under 'Actions' part of the Schedule: **+** for adding more sectors to the schedule and  for deleting sectors.
