Adding permits details in section SCHEDULE

A new pop-up window will open where you can add permit/permits details, such as:

- **Country** - click in the field to get the list of countries and select.
- **Supplier** - type supplier details.
- **Validity** - add how long permit is valid.
- **Revalid.** - add if permit can be revalidated.
- **Short Notice** - add if permit is valid for a short period of time.
- **Status** - change the status accordingly.

You can add more than 1 permit by clicking +. To delete details click trash bin icon.

Once the permits details are added you can hover the mouse over the '?' to view details.
