

Comparing to the previous version we have added additional options to section Sales > Quotations.

1. Editing section **Legs Info** by clicking the flight number.
2. **Pax number** appears next to the schedule.
3. **Ferry** flights are highlighted (click on icon 'ferry' to edit quotations details).
4. Display **canceled legs** by marking the checkbox 'Show cnl legs' in the filter.

See the screenshot attached to have a better insight on changes made.
