

When you hover the mouse over the airport code, you will get information regarding **sunrise** and **sunset** at particular place. Times are in UTC and LT.

11:30	KRK	STN	13:45	H-LEON	-
-------	-----	-----	-------	--------	---

STN / EGSS LONDON LONDON STANSTED

 Sunrise: 06:06 UTC (07:06 LT)

 Sunset: 17:28 UTC (18:28 LT)

Additionally, **you can see if take-off or landing was during the day or the night**. Move your mouse over STD or STA time to see a pop-up window. Day take-offs/landings are those performed before sunset time, night take-offs/landings are those performed before sunrise time - at the particular ADEP/ADES (see examples below).
