60 days currency

Invalid Link
60 days currency

Some countries require Airlines to monitor number of flights within last 60 days.

60 days currency feature requires Cockpit crew to make at least **5 take-offs** and **5 landings** within last 60 days.

Leon will update 60 days currency if 1 of below requirements are fulfilled:

- a crew member has been added to a flight (New Flight section, type 'Commercial') - 'Journey Log' required.
- a crew member has been added to a flight (New Flight section, type 'Simulator') - no 'Journey Log' required.
- a duty type 'training' has been assigned (Crew Duties section) i.e. 'Simulator' or 'Training'.

To check if a crew member has met the requirements, please tick the **60 days currency** checkbox in the filter in Crew > Duties.
