

You can now decide how you wish to receive notifications about flight changes.

When you edit your notifications in the section **Flights > Notifications** you can find 3 checkboxes under '**Display changes as**:

- **Bold** - all changes are in bold.
- **Red** - all changes in red font.
- **In square brackets** - all changes in normal font, in square brackets.

You can combine the above 3 options, i.e. mark all 3 checkboxes, or 2 of them, or just 1 (see examples below).
