You can now define if a particular cockpit **crew currency** requirement should be monitored for both **CPT** and **FO** or just for one of them.

In the section Settings > Duties Setup mark appropriate checkboxes (positions) defined for particular aircraft types.

Unmarked position will omitted in the crew currency calculations.

	A319 - Airbus A319	E50P - Phenom 100	F900 - Falcon 900	GLF4 - G450	H25B - Hawker 750
