

This option can be **particularly helpful** when OPS department make lots of changes in Crew Duties section and it is desired that crew members are **informed about any change in their roster**. Whether it is about the brand new duty assigned or a duty that has just been replaced by a different one - Leon will send an email to the recipient.

The option is **enabled** to all crew members by default. In the profile page of each Leon user you can find a checkbox automatically ticked. By unticking it you **disable** sending roster changes emails.

Actual mode

1. New duty

Brand new duty/duties assigned to crew appears in bold as the letter defined in CDR Definition, either with extra details, like: From, To, Airport (for 'office', 'training' or 'contactable' type of duty), or without those details (for duty-types defined as 'other' or 'off')
