# Jetex - Leon Integration

The integration allows Leon users to send full-service requests and receive status updates as well as briefings from Jetex directly through Leon's user interface. Thus eliminating e-mail and any other means of communication. This innovative integration comes at no additional cost to the customer.

JETEX is a global leader in executive aviation services. The company delivers highly customized trip support solutions to an elite clientele worldwide. Their services include FBOs, international trip planning, aircraft fueling, ground handling and bespoke concierge services.

With Jetex, you can be assured of a seamless travel experience. Their extensive network of facilities in airports around the world ensures you receive a full spectrum of trip support services at the location of your choice.
