Managing Flight Operations with Leon OPS

In this webinar, we are covering the latest additions to Leon OPS, including new and upcoming features, selecting suppliers for multiple flights, as well as improved communication with handlers and extended information available in the Calendar section.

We have covered such topics as:

- 02:43 Creating flights
- 06:11 Filtering aircraft by labels
- 10:51 Selecting suppliers for multiple flights and services
- 16:25 Sending handling requests using IATA airline code
- 20:53 Handling requests with multiple bases
- 24:50 Sending OPS documents to handling agents
- 31:47 Airport notes in the Airport Directory
- 36:20 Crew change indicators in Calendar
